Bob and Jim,
 I think that there was some miscommunication earlier. Could you guys try to do the call at 2 pm Eastern (1 pm Central). Does that time slot still work. I would prefer you try this earlier rather than later.
 Michael

When can we do a test call? Our room and equipment is free late morning and all afternoon today.

The Borgess Public IP address for video conferencing is 198.108.143.30. I would like to do a test call today or tomorrow morning prior to the meeting to make sure we have good connectivity and to give us enough time to fix any potential issues that may be present.

For those of you that will be at Borgess for this video conference, below are the directions to our video room.

Enter the hospital through the main entrance on Gull Road by the flag pole. Walk straight (North) in through the entry foyer approximately 150' and there will be a set of elevators on your right in a small alcove. Go to the second floor and head South from the elevators to room 270 Center. It will be the third door on the left or last room before you get to the East / West hallway. The door is well marked as a video conferencing room.

Thanks,
